Termination Penalty

A Termination penalty shall be applied if the service is canceled prior to the end of the commitment period. The applicable penalty shall consists of:

- (a) flat termination penalty of \$150 plus,
- (b) a monthly rate and the rate paid times by the number of months service was subscribed plus,
- (c) a 1% interest per month on the monthly rate adjustment.

For purposes of this calculation, a fraction of a month shall be considered a whole month. Thus if the customer terminates service after 14 months and 5 days, this portion of the penalty will be calculated based on 15 months.

Example:

If the customer subscribes to a 128 Kbps full circuit capacity for 3 years and terminates the service after 18 months 7 days, the penalty will be calculated as follows:

Flat termination penalty	\$ 150.00
Monthly rate adjustment calculation:	
1-Year 128 Kbps Monthly Rate	\$1,868.00
3-Year 128 Kbps Monthly Rate	1,804.00
Difference	\$ 64.00
Applicable Months	19
Monthly Rate Adjustment	1,216.00
Interest calculation:	
Monthly Rate Adjustment	\$1,216.00
Monthly Interest factor (note)	.09
Applicable interest	109.44
Total Termination Penalty	\$ 1,475.44

Note: Interest for the first month will be \$64 x 18 months x 1% \$11.52. No interest will be assessed on the last month of subscription.
